

The Lily Pad – Fire Prevention Guidelines for Guests

The Lily Pad fire risk assessment found the accommodation to be very low risk of fires due to its design, construction and content.

Please be aware of the following to guidelines as part of our fire preventions and adhere to request made to prevent fires.

No candles of any kind including birthday cake candles.

No fireworks inside or outside the properties

All lights must be turned off when property not occupied.

No portable electric heaters

Hair straighteners must be used carefully and turned off and left to cool down in a safe position to prevent a fire or scorching.

Check oven and hob is off when cooking finished.

No smoking inside property, cigarette stubs must be extinguished and disposed of carefully.

BBQ rules must be followed. No hot ashes to be placed in bins.

No charging of eco bikes or scooters inside property or left to charge overnight.

No charging of electric vehicles from accommodation, EV Charger available for charging in request

Thank you for following these guidelines
